## DELIVERY TO THE GREATER TRI-CITIES

Delivery is the hauling of your landscape material to the planting area of a single address. We will gladly unload your plant material in the front, side or backyard as long as there are no unsafe obstacles (steep slopes, unfriendly dogs, cliffs, barriers, etc). We figure delivery on a load rate and distance traveled which we represent in the following 2 regions for the Tri-City Metro Area.

Region 1- Pasco, Kennewick, Richland and West Richland

Region 2 -Eltopia, Badger Canyon, Burbank, Benton City and Finely.

### For Potted Trees and Plants

Small Load Deliveries are

Region 1: \$30.00

Region 2: \$35.00

Large Load Deliveries are

Region 1: \$40.00

Region 2: \$45.00

Deliveries that require 2 people add \$10.00

The rule of thumb for this if the tree takes 3 people or a tractor to load. We are sending two people to handle your plant material to keep it happy and our staff healthy.

### Large Specimen Trees White Bags and Balled and Burlap (B&B)

Due to the size and weight of these trees we like at least a 2 to 3 person team with tractor assistance to set your tree in your yard. We would like to set the tree in the hole, so have it ready to the size we request for it.

Region 1: \$85.00

Region 2: \$90.00

If there is no tractor access, add \$10 for us to bring an extra person to cart the tree in, if conditions are acceptable for it.

### Field Grown Trees\*

Small load of field grown trees (1 to 3 trees) up to a 2 1/2" caliper (trunk diameter).

Region 1: \$30.00

Region 2: \$35.00

Larger load of field grown trees (3 to 7 trees) up to 2 1/2" caliper.

Region 1: \$40.00

Region 2: \$45.00

Add \$10 for a second person for the following species of the 2-2 1/2" caliper: Honeylocust, Birch, and Norway Maple Hybrids.

Large Specimen Loads

2 1/2-5" caliper trees.

includes setting in the hole if hole is of proper size. Trees larger than 3 1/2" caliper, can only be done with the tractor.

Region 1: \$85

Region 2: \$90

For Trees larger than 5"

Region 1: \$100.00

Region 2: \$110.00

### Extra Services for Large Specimen and Field Grown Trees

**For these let our staff know when we call to schedule.**

Staking- \$20.00 for materials and installation

Finish Planting- 50% of Trees Price (includes backfilling, watering in, staking, and clean up).

To answer question of hauling, accessibility, tractor issues and other commonly asked question ask our **FAQ sheet on Delivery and Planting** or download it at
