

# Job's Nursery Vine Detailed List

---

Akebia, Deep Purple Akebia trifoliata 'Deep Purple'

---

**Have** **Type** Deciduous Vine **USDA Zones** 3 **Exposure** Full Sun

**Height or Spread** 15 to 30 feet **Foliage** Divided into 3 leaflets

**Summer Color** Green **Autumn Color** Green to brown

**Bloom Shape** Clusters of vanilla scented blooms **Bloom Color** Black Purple

**Bloom Time** May

**Growing Preferences** Best if trained up an arbor or trellice. Prefers a heavy pruning in Late Winter (Feb).

---

---

Akebia, Shirobana Akebia quinata 'Shirobana'

---

**Have** **Type** Deciduous Vine **USDA Zones** 3 **Exposure** Full Sun

**Height or Spread** 15 to 30 feet **Foliage** Divided into 5 leaflets

**Summer Color** Dark Green **Autumn Color** Bronze to Brown

**Bloom Shape** Clusters of vanilla scented blooms **Bloom Color** White

**Bloom Time** May

**Growing Preferences** Best if trained up an arbor or trellice. Prefers a heavy pruning in Late Winter (Feb).

---

---

Akebia, Silver Bells Akebia quinata 'Silver Bells'

---

**Have** **Type** Deciduous Vine **USDA Zones** 3 **Exposure** Full Sun

**Height or Spread** 15 to 30 feet **Foliage** Divided into 5 leaflets

**Summer Color** Light Green **Autumn Color** Bronze to Brown

**Bloom Shape** Clusters of vanilla scented blooms **Bloom Color** Light Pink and Lavender

**Bloom Time** May

**Growing Preferences** Best if trained up an arbor or trellice. Prefers a heavy pruning in Late Winter (Feb).

---

---

Bittersweet, American

---

**Have** **Type** \_\_\_\_\_ **USDA Zones** \_\_\_\_\_ **Exposure** \_\_\_\_\_

**Height or Spread** \_\_\_\_\_ **Foliage** \_\_\_\_\_

**Summer Color** \_\_\_\_\_ **Autumn Color** \_\_\_\_\_

**Bloom Shape** \_\_\_\_\_ **Bloom Color** \_\_\_\_\_

**Bloom Time** \_\_\_\_\_

**Growing Preferences** \_\_\_\_\_

---

---

**Boston Ivy** Parthenocissus tricuspidata

**Have Type** Deciduous Vine **USDA Zones** \_\_\_\_\_ **Exposure** Full Sun

**Height or Spread** 40 to 50 feet **Foliage** 3 lobed divided into 3 leaflets up to 8 inches wid

**Summer Color** Glossy Green **Autumn Color** Red Tones

**Bloom Shape** Insignificant **Bloom Color** N/A

**Bloom Time** Spring

**Growing Preferences** To keep contained prune back in winter to keep desired sized. Prune as needed. Keep away from shingles, siding, stone or brick walls.

---

**Clematis, Andromeda** Clematis 'Andromeda'

**Have Type** Deciduous Vine **USDA Zones** 4 to 9 **Exposure** Sun/ Part Shade

**Height or Spread** 8 to 10 feet **Foliage** Oval Shaped

**Summer Color** Green **Autumn Color** Green to Brown

**Bloom Shape** 6 to 8 inch Semi Double blooms, single after **Bloom Color** White with Pink central bar

**Bloom Time** May, June and September

**Growing Preferences** Best if staked, trelliced or on a arbor. Plant where roots are shaded by mulch, groundcover or shrubs. Pruning group B.

---

**Clematis, Anna Louise** Clematis 'Anna Louise'

**Have Type** Deciduous Vine **USDA Zones** 4 to 9 **Exposure** Sun/ Part Shade

**Height or Spread** 7 to 9 feet **Foliage** Oval Shaped

**Summer Color** Green **Autumn Color** Brown

**Bloom Shape** 5 to 6 inch bloom **Bloom Color** Violet petals with reddish-

**Bloom Time** May to June, September

**Growing Preferences** Best if staked, trelliced or on a arbor. Plant where roots are shaded by mulch, groundcover or shrubs. Pruning group B.

---

**Clematis, Franziska Maria** Clematis 'Evipo32'

**Have Type** Deciduous Vine **USDA Zones** 4 to 9 **Exposure** Sun/ Part Shade

**Height or Spread** 8 to 10 feet **Foliage** Oval Shaped

**Summer Color** Green **Autumn Color** Green to Brown

**Bloom Shape** Double 6 inch blooms **Bloom Color** Blue

**Bloom Time** June to October

**Growing Preferences** Best if staked, trelliced or on a arbor. Plant where roots are shaded by mulch, groundcover or shrubs. Pruning group B.

---

---

**Clematis, Jackmanii**

Clematis 'Jackmanii Superba'

**Have Type** Deciduous Vine **USDA Zones** 4 to 8 **Exposure** Sun/ Part Shade  
**Height or Spread** 8 to 12 feet **Foliage** Broadly oval shaped leaves  
**Summer Color** Medium to Dark Green **Autumn Color** Green to Brown  
**Bloom Shape** Single, 5 inches across **Bloom Color** Rich, Velvety Purple  
**Bloom Time** July to September  
**Growing Preferences** Best if staked, trelliced or on a arbor. Plant where roots are shaded by mulch, groundcover or shrubs. Pruning group C.

---

**Clematis, Nellie Moser**

Clematis 'Nellie Moser'

**Have Type** Deciduous Vine **USDA Zones** 4 to 8 **Exposure** Sun, Part Shade  
**Height or Spread** 8 to 10 feet **Foliage** Oval Shaped  
**Summer Color** Dark Green **Autumn Color** Green to Brown  
**Bloom Shape** Soft 6 inch blooms **Bloom Color** Pink with a Lilac bar down  
**Bloom Time** May to September  
**Growing Preferences** Best if staked, trelliced or on a arbor. Plant where roots are shaded by mulch, groundcover or shrubs. Pruning group B.

---

**Clematis, Purpurea**

Clematis recta 'Purpurea'

**Have Type** Deciduous Vine **USDA Zones** 3 to 9 **Exposure** Full Sun  
**Height or Spread** 3 to 5 feet **Foliage** Oval Shaped  
**Summer Color** Purple maturing to Green **Autumn Color** Green to Brown  
**Bloom Shape** 1 inch, single **Bloom Color** White  
**Bloom Time** June to August  
**Growing Preferences** Grows like a small bush, no staking needed. Cut to the ground each year.

---

**Clematis, The First Lady**

**Have Type** \_\_\_\_\_ **USDA Zones** \_\_\_\_\_ **Exposure** \_\_\_\_\_  
**Height or Spread** \_\_\_\_\_ **Foliage** \_\_\_\_\_  
**Summer Color** \_\_\_\_\_ **Autumn Color** \_\_\_\_\_  
**Bloom Shape** \_\_\_\_\_ **Bloom Color** \_\_\_\_\_  
**Bloom Time** \_\_\_\_\_  
**Growing Preferences** \_\_\_\_\_

---

---

**Honeysuckle, Goldflame***Lonicera x heckrottii 'Goldflame'*

---

- Have Type** Deciduous Vine      **USDA Zones** 4 to 9      **Exposure** Full Sun
- Height or Spread** 10 feet      **Foliage** 2 inch Oval
- Summer Color** Deep Blue Green      **Autumn Color** Green to Brown
- Bloom Shape** Clusters of trumpet shaped 1 inch blooms      **Bloom Color** Outside color Coral Pink w
- Bloom Time** Early Summer to Late Fall
- Growing Preferences** Stake up on a trellice or arbor for best look. After bloom, lightly thin out. If honeysuckle is straggly and old, cut to the ground to restart.
- 

**Honeysuckle, Hall's***Lonicera japonica 'Halliana'*

---

- Have Type** Deciduous Vine      **USDA Zones** 4      **Exposure** Full Sun
- Height or Spread** 15 feet      **Foliage** 1 1/2 to 3 inch oval leaves
- Summer Color** Green      **Autumn Color** Green to brown
- Bloom Shape** trumpet shaped flowers      **Bloom Color** White
- Bloom Time** June to September
- Growing Preferences** Stake up on a trellice or arbor for best look. After bloom, lightly thin out. If honeysuckle is straggly and old, cut to the ground to restart.
- 

**Hydrangea, Climbing***Hydrangea anomala petiolaris*

---

- Have Type** Deciduous Vine      **USDA Zones** 4 to 9      **Exposure** Afternoon Shade
- Height or Spread** 15 feet      **Foliage** Heart shaped
- Summer Color** Green      **Autumn Color** \_\_\_\_\_
- Bloom Shape** Flat 6 inch lace cap flower      **Bloom Color** White
- Bloom Time** June
- Growing Preferences** Prune as need in the growing season. If needed cut back to the major limbs in late Feb to rejuvenate older plants.
- 

**Japanese Hydrangea Vine, Moonlight***Schizophragma hydrangeoides 'Moonlight'*

---

- Have Type** Deciduous Vine      **USDA Zones** 5      **Exposure** Afternoon Shade
- Height or Spread** 30 - 40 feet      **Foliage** Heart Shaped
- Summer Color** Pewter mottling      **Autumn Color** \_\_\_\_\_
- Bloom Shape** Flat 6 inch lace cap flower      **Bloom Color** white
- Bloom Time** June- July
- Growing Preferences** Prune only to remove errant growth.
-

---

**Porcelain Berry, Elegans***Ampelopsis brevipedunculata*

---

 **Have Type** Deciduous Vine **USDA Zones** 5 **Exposure** Full Sun**Height or Spread** 20 to 30 feet **Foliage** Three lobed 3 to 5 inches wide**Summer Color** Green variegated with White and Pink **Autumn Color** Red with Pink margins**Bloom Shape** Small Clusters, develop in small metallic blue berries **Bloom Color** White**Bloom Time** April or May**Growing Preferences** Thin out and trim back in winter. To control suckers, remove.

---

**Silver Lace Vine or Mile A Minute Vine***Polygonum aubertii*

---

 **Have Type** Deciduous Vine **USDA Zones** 3 to 9 **Exposure** Full Sun**Height or Spread** 20 feet **Foliage** Heart shaped with wavy edges**Summer Color** Glossy Green **Autumn Color** Bronze to Brown**Bloom Shape** Foamy sprays of flowers **Bloom Color** White**Bloom Time** Late Spring to Fall**Growing Preferences** Prune back when needed to keep in check.

---

**Trumpet Vine***Campsis radicans*

---

 **Have Type** Deciduous Vine **USDA Zones** 5 **Exposure** Full Sun**Height or Spread** 30 feet + **Foliage** Leaves divided into 9 - 11 toothed leaflets**Summer Color** Medium Green **Autumn Color** Brown**Bloom Shape** Clusters of 6 to 12, 3 inch long tubes **Bloom Color** Orange with Scarlet lobes**Bloom Time** August to September**Growing Preferences** Thin and tip back each winter to keep in check. Pull suckers to keep in bounds.

---

**Trumpet Vine, Red***Campsis radicans 'Flamenco'*

---

 **Have Type** Deciduous Vine **USDA Zones** 5 **Exposure** Full Sun**Height or Spread** 30 to 40 feet **Foliage** Leaves divided into 9 - 11 toothed leaflets**Summer Color** Dark Green **Autumn Color** Green to Brown**Bloom Shape** Trumpet shaped blooms **Bloom Color** Bright Red**Bloom Time** August to September**Growing Preferences** Thin and tip back each winter to keep in check. Pull suckers to keep in bounds.

---

---

**Trumpet Vine, Yellow***Campsis radicans* 'Flava'

- 
- Have Type** Deciduous Vine      **USDA Zones** 5      **Exposure** Full Sun
- Height or Spread** 30 to 40 feet      **Foliage** Leaves divided into 9 - 11 toothed leaflets
- Summer Color** Green      **Autumn Color** Green to Brown
- Bloom Shape** 1 to 2 inch trumpet shaped blooms      **Bloom Color** Yellow
- Bloom Time** August to September
- Growing Preferences** Thin and tip back each winter to keep in check. Pull suckers to keep in bounds.
- 

---

**Wisteria (Chinese), Blue***Wisteria sinensis* 'Blue'

- 
- Have Type** Deciduous Vine or Tree      **USDA Zones** \_\_\_\_\_      **Exposure** Full Sun
- Height or Spread** 20 feet      **Foliage** Divided into 7 to 13 leaflets
- Summer Color** Green      **Autumn Color** Green to Brown
- Bloom Shape** 12 inch clusters      **Bloom Color** Blue
- Bloom Time** April to May
- Growing Preferences** Remember to keep nitrogen fertilizers to a minimum. Trim back runners to keep in check. Thin when needed in winter, just keep an eye out for fat flower buds.
- 

---

**Wisteria (Chinese), Cook's Special***Wisteria sinensis* 'Cook's Special'

- 
- Have Type** Deciduous Vine      **USDA Zones** \_\_\_\_\_      **Exposure** Full Sun
- Height or Spread** 20 feet      **Foliage** Divided into 7 to 13 leaflets
- Summer Color** Green      **Autumn Color** Green to Brown
- Bloom Shape** 12 inch clusters      **Bloom Color** Purple
- Bloom Time** April to May
- Growing Preferences** Remember to keep nitrogen fertilizers to a minimum. Trim back runners to keep in check. Thin when needed in winter, just keep an eye out for fat flower buds.
- 

---

**Wisteria (Chinese), Pink***Wisteria sinensis* 'Pink'

- 
- Have Type** Deciduous Tree Form      **USDA Zones** \_\_\_\_\_      **Exposure** Full Sun
- Height or Spread** 20 feet      **Foliage** Divided into 7 to 13 leaflets
- Summer Color** Green      **Autumn Color** Green to Brown
- Bloom Shape** 12 inch clusters      **Bloom Color** Pink
- Bloom Time** April to May
- Growing Preferences** Remember to keep nitrogen fertilizers to a minimum. Trim back runners to keep in check. Thin when needed in winter, just keep an eye out for fat flower buds.
-

---

**Wisteria (Chinese), Pink Ice***Wisteria sinensis* 'Pink Ice'

**Have Type** Deciduous Vine **USDA Zones** 5 to 9 **Exposure** Full Sun  
**Height or Spread** 20 feet **Foliage** Divided into 7 to 13 leaflets  
**Summer Color** Green **Autumn Color** Green to Brown  
**Bloom Shape** 12 inch clusters **Bloom Color** Pink with White  
**Bloom Time** April to May  
**Growing Preferences** Remember to keep nitrogen fertilizers to a minimum. Trim back runners to keep in check. Thin when needed in winter, just keep an eye out for fat flower buds.

---

---

**Wisteria (Chinese), Prolific**

**Have Type** \_\_\_\_\_ **USDA Zones** \_\_\_\_\_ **Exposure** \_\_\_\_\_  
**Height or Spread** \_\_\_\_\_ **Foliage** \_\_\_\_\_  
**Summer Color** \_\_\_\_\_ **Autumn Color** \_\_\_\_\_  
**Bloom Shape** \_\_\_\_\_ **Bloom Color** \_\_\_\_\_  
**Bloom Time** \_\_\_\_\_  
**Growing Preferences**

---

---

**Wisteria (Chinese), Purple***Wisteria sinensis* 'Purple'

**Have Type** Deciduous Tree Form **USDA Zones** \_\_\_\_\_ **Exposure** Full Sun  
**Height or Spread** 20 feet **Foliage** Divided into 7 to 13 leaflets  
**Summer Color** Green **Autumn Color** Green to Brown  
**Bloom Shape** 12 inch clusters **Bloom Color** Purple  
**Bloom Time** April to May  
**Growing Preferences** Remember to keep nitrogen fertilizers to a minimum. Trim back runners to keep in check. Thin when needed in winter, just keep an eye out for fat flower buds.

---

---

**Wisteria (Chinese), Sapphire Blue***Wisteria sinensis* 'Sapphire Blue'

**Have Type** Deciduous Tree Form **USDA Zones** \_\_\_\_\_ **Exposure** Full Sun  
**Height or Spread** 20 feet **Foliage** Divided into 7 to 13 leaflets  
**Summer Color** Green **Autumn Color** Green to Brown  
**Bloom Shape** Large 12 inch, cascading clusters **Bloom Color** Sapphire Blue  
**Bloom Time** April to May  
**Growing Preferences** Remember to keep nitrogen fertilizers to a minimum. Trim back runners to keep in check. Thin when needed in winter, just keep an eye out for fat flower buds.

---

---

**Wisteria (Chinese), Violet***Wisteria sinensis* 'Violet'

**Have** **Type** Deciduous Vine **USDA Zones** \_\_\_\_\_ **Exposure** Full Sun  
**Height or Spread** 20 feet **Foliage** Divided into 7 to 13 leaflets  
**Summer Color** Green **Autumn Color** Green to Brown  
**Bloom Shape** 12 inch clusters, like grapes **Bloom Color** Violet  
**Bloom Time** April to May  
**Growing Preferences** Remember to keep nitrogen fertilizers to a minimum. Trim back runners to keep in check. Thin when needed in winter, just keep an eye out for fat flower buds.

---

**Wisteria (Japanese), Texas White***Wisteria floribunda* 'Texas White'

**Have** **Type** Deciduous Vine **USDA Zones** 5 to 9 **Exposure** Full Sun  
**Height or Spread** 20 to 30 feet **Foliage** 12 - 16 inch long divided into 15 - 19 leaflets  
**Summer Color** Green **Autumn Color** Green to brown  
**Bloom Shape** 15 to 18 inch clusters **Bloom Color** White  
**Bloom Time** April to May  
**Growing Preferences** Remember to keep nitrogen fertilizers to a minimum. Trim back runners to keep in check. Thin when needed in winter, just keep an eye out for fat flower buds.
